Dear Registry,

Re: Request for Accommodation to Use an Electronic Device During Court Proceedings

Court File No.: [Insert File No.]

Case: Pu Justin Yang v. Dr. Frank L. Hou, BC Children's Hospital, St. Paul's Hospital, LifeLabs, Vancouver Coastal Health

I am writing to formally request an exception to the general prohibition on the use of electronic devices during court proceedings, due to my significant speech disability, which requires me to rely heavily on electronic means for communication.

As explained in the attached medical documentation, I have a speech disability that severely impacts my ability to communicate verbally. In order to participate effectively in the hearing scheduled for [insert hearing date], I need to use my electronic device to facilitate communication.

I fully understand the Court's rules regarding the use of electronic devices, but in my case, this is a necessary accommodation under the ****BC Human Rights Code**** and the ****Canadian Charter of Rights and Freedoms**** to ensure equal access to the court proceedings.

Enclosed is supporting documentation from my physician confirming my disability and the necessity of this accommodation. I would greatly appreciate your approval for the use of my device in court.

Thank you for considering this request. Please feel free to contact me if further information is required.

Sincerely,
